Professional Summary

A recent Computer Science and Engineering graduate with a solid foundation in software development and contemporary programming practices. I am enthusiastic about applying my technical skills to real-world projects while continuously expanding my knowledge of new technologies. I am seeking an opportunity in a forward-thinking, technology-driven organization where I can contribute meaningfully, grow professionally, and be part of impactful, innovative solutions.

Education

Bachelor of Technology in Computer Science and Engineering   *2021–2025*
Universal Engineering College, Thrissur

Higher Secondary Education   *2019–2021*
Chentrappinni HSS, Thrissur
Percentage: 97.6

Secondary Education   *2019*
Chentrappinni HS, Thrissur
Percentage: 98

Projects

Youtube transcript summarizer
A web app that extracts and summarizes YouTube video transcripts using Python and Django, featuring a clean, responsive front-end built with HTML, CSS, and JavaScript for fast, user-friendly content analysis.

Automated Aggression And Damage Monitoring System For Educational Institutions(AADMS)
Developed using OpenCV and 3D-CNN, achieving upto 80 percentage accuracy in real-time surveillance and alert generation for enhancing safety in educational institutions.

Portfolio Website
Developed a responsive personal portfolio using HTML, CSS, and JavaScript highlighting technical skills and projects.

Move It! – Bootstrap-Built Relocation Web App
Built a responsive moving-services website using Bootstrap, showcasing key offerings like local and cross-country moves, packing, and customer support. Focused on clarity and usability through a clean, engaging UI using Bootstrap's grid and components.

Technical Skills

Python: OOP, file handling, logical problem solving, and exception handling.
SQL: Query writing, joins, grouping, and working with Oracle SQL*Plus.
Web Development: HTML, CSS, JavaScript, Bootsrap, DOM manipulation, responsive layouts.

Internship

Full Stack with Python Intern – Cloud Innovations

Software/Tools Used

Oracle SQL*Plus (10g–12c), Windows 11, VS Code, GitHub

Languages

English, Malayalam,Hindi, Arabic
